Supporting families experiencing homelessness

Last year, Dakota Woodlands served 189 individuals from 62 families. Of those 189 individuals, 121 were children. Eighty-six percent of all individuals identified as BIPOC; 35% of adults reported fleeing domestic violence, 71% reported a history of domestic violence; 75% have annual incomes of \$12,000 or less; and 67% report having a mental or physical disability.

Dakota Woodlands is the only shelter for families experiencing homelessness in Dakota County. Families can stay with us as long as they need to overcome challenges and achieve stability.

We envision a community where every family has safe, stable home of their own. However, we can only do this life-changing work with the help of sponsors and donors. Your commitment to sponsor the Empowering Families breakfast event ensures that Dakota Woodlands can fulfill our mission of empowering displaced families on their path to independence.
